e-mail [cippini@daysurgeryclinic.it](mailto:cippini@daysurgeryclinic.it)

### **DEGREE – RESIDENCY (residencies) – FELLOWSHIP and Career Certifications**

- Medical Qualification (DEGREE) at the University of Milano (110/110 cum Laude, i.e. “full marks and honours”): December 18,1981
- License to Practise Medicine (Italian State Examination): Perugia, April 1982
- American Medical Examination (ECFMG certification): July 1990
- Full registered with Specialist Registration as Plastic Surgeon (General Medical Council – UK) (GMC reference number 7031966): since 10 Febr.2009
- Full registration of Medical Degree and Plastic Surgery (reconstr. and aesthetic) Residency at Public Health Federal Bureau of Helvetic Confederation (Switzerland: MEBEKO office) since 13 August 2009: it is FMH certification
- Licence to practice as Medical Doctor in the Canton Ticino (Department of Health and Social Wellness - Health Office = Dipartimento della Sanità e della Socialità - Ufficio di Sanità) since 24 January 2014
- Residency in Obsterics and Gynecology (completed at the University of Milano)
- Residency in Plastic and Reconstructive Surgery (completed at the University of Milano) (according to New Dispositions EEC)
- Fellowship in Plastic Surgery specifically Aesthetic Plastic Surgery at Teknon Clinic in Barcelona (Spain)
- Master in «Aesthetic and Morphodynamic Surgery »at University of Milano – it is an Academic Title
- D.I.U. (Diplome Inter Universitaire, i.e.« French Master » developed among the Universities of Bordeaux, Marseille and Nice) « Chirurgie du Visage: de l'Anatomie aux Techniques de Chirurgie Reconstructrice et Esthétique », granted by the Université Bordeaux 2 – it is an Academic Title

- Master (II° level master) in «Breast Oncoplasty and Integrated Treatments» (developed among the National Cancer Institutes of Milan, Geneva and Rome for a 1500 hours course), granted by the University of Geneva – it is an Academic Title

- Graduated at the International School of Aesthetic Medicine of the International Foundation “Fatebenefratelli” in Rome. (Acad.Yrs. 1992/1995, for 4 years of duration): it means to have got a recognized “Diploma of Formation in Aesthetic Medicine”.

- Former Professor at the University of Brescia, Faculty of Medicine, Master of Science in Medical Biotechnology, as appointed Chief of the teaching "Plastic Surgery" for the whole duration of the course (from Ac.Yr. 2006/2007 to Ac.Yr. 2010/ 2011).

<b>Qualifications</b>				
<b>From (year):</b>	<b>To (year):</b>	<b>Name and location (city) of University</b>	<b>Subject or speciality</b>	<b>Diploma and degree</b>
June 1975	Dec.18, 1981	Università degli Studi of Milan (Italy)	LAUREA Degree	Medicine and Surgery
	Jan. 1982	University of Perugia (Italy)	State Examination	License to Practise
1982	Nov.11, 1986	Università degli Studi of Milan (Italy)	Residency	Specialization in OB/GYN
2001	Nov.06, 2006	Università degli Studi of Milan (Italy)	Residency	Specialization in <b>PLASTIC SURGERY</b>

<b>Medical and academic degrees</b>		
<b>Degree</b>	<b>Subject or Speciality</b>	<b>Year</b>
	- PLASTIC AND RECONSTRUCTIVE SURGERY - AESTHETIC SURGERY	Nov.06, 2006
Medical Doctor	1)Medical Diploma (MD) / First degree at University of MILAN (ITALY)  with FULL MARKS and HONOUR  2) License to practise	Dec.18, 1981    at First session  Jan.1982
Specialist	Specialization  <b>PLASTIC RECONSTRUCTIVE and AESTHETIC SURGERY</b>	Nov.06,2006

Specialist	Any other specializations OBSTETRICS and GYNECOLOGY	Nov.11,1986
Fellowship	in Plastic Surgery specifically Aesthetic Plastic Surgery (at Teknon Clinic in Barcelona, Spain)	1Yr. duration: Sept2004 - Aug.2005 ( <b>RESIDENTIAL</b> )
Master	in Aesthetic and Morphodynamic Surgery (at University of Milano) (ACADEMIC TITLE)	1 Yr. duration: Nov.2001 (NOT RESIDENTIAL)
D.I.U. (Diplome Inter Universitaire, i.e. « French Master »)	« Chirurgie du Visage: de l'Anatomie aux Techniques de Chirurgie Reconstructrice et Esthétique » (at the Université Bordeaux 2) (ACADEMIC TITLE)	2 Yrs. duration: 2003-2004 (NOT RESIDENTIAL)
Master (II° level master)	in «Breast Oncoplasty and Integrated Treatments» (developed among the National Cancer Institutes of Milan, Geneva and Rome), granted by the University of Geneva (ACADEMIC TITLE)	1500 hours course: granted 9 Nov 2011
Diploma of "Formation in Aesthetic Medicine"	Gained at the International School of Aesthetic Medicine of the International Foundation "Fatebenefratelli" in Rome	4 Yrs. Duration (1992/1995) (It's a recognized Diploma) (NOT RESIDENTIAL)

E.C.F.M.G. certification	"Educational Commission for Foreign Medical Doctors (ECFMG) examination" passed	in 1990
G.M.C. certification (General Medical Council – UK)	Full registered as Plastic Surgeon (Consultant)	(GMC reference n° 7031966): since 10 Febr.2009
FMH certification (Switzerland: MEBEKO office)	Full registration of Medical Degree and Plastic Surgery (reconstr. and aesthetic) Residency at Public Health Federal Bureau of Helvetic Confederation	since 13 August 2009
Switzerland (Canton Ticino) (Department of Health and Social Wellness – Health Office) (=Dipartimento della Sanità e della Socialità – Ufficio di Sanità)	Licence to practice as Medical Doctor	Since 24 January 2014

**SHORT RESUME and EXPLANATION of ERRI CIPPINI CURRICULUM VITAE**

You can see that (even if I apply for Plastic Cosmetic Surgery, having completed a Residency in Plastic and Aesthetic Surgery) I have got also, and as the first one, the Specialization in Ob-Gyn.

For this (first) Specialization, after having attended two years of Student Internship at the Ob.Gyn.Dept of the General Hospital of Brescia before the Degree, I had also one year of Medical Internship (after 1981 Medical Qualification Degree and before entering the Ob-Gyn Residency program) and finally four years of a complete Residency training program., in the same hospital  
Then, I also worked for six years in the same Ob-Gyn Dept at the General Hospital of the University of Brescia (free of salary, because that was the rule!) until December 19, 1990.

In that period, more than ten years, I passed the American Medical examination (ECFMG certification) and entered in NRMP (National Resident Matching program) for USA, but the birth of my second child (a daughter) suggested me to remain at home.

In that same period, I had my earnings by working as “Emergency Doctors for house calls, mainly on night duty call” (since 01.10.1982 to 30.06.1985) and then as a partner of a General Practitioner since January 1991 to 30.11.2001: those earnings allowed me to pay myself for the first Residency (Ob.Gyn. ended in 1986) and for Courses abroad (I became aware of my interest in Plastic Surgery after 1991) and also for, little by little, the purchase of instruments and surgical tools I am using now in my work.  
During 1991 (mainly after 1993, i.e. during the last years at the Aesthetic Medicine School at “Fatebenefratelli Foundation” in Rome, attended since 1992 to 1995) and until 2001, I worked both for earning a living and for improving my experience and practice.  
After 2001, I worked only as a Plastic Surgeon and professional man.

Having (until 19 Dec 1990) mostly attended the Gynecological Oncological Guard of the Ob.Gyn.Dept of Brescia in which reconstructive surgical procedures were daily performed, and having been the assistant of the Plastic Surgeon who performed repair after radical vulvectomy and flap transposition after major oncological demolition of female genitalia, when I passed at private practice in 1991 it was simply for me to start a Plastic Surgery activity.

Moreover, It wouldn't seem strange that I attended the Residency in Plastic Surgery (my second Residency) only after my forty-five years of age, starting in 2001 yr., because one fellow of mine (of my same age and certified with me as Plastic Surgeon after the same Residency, only to make an example) has previously got another Residency in Surgical Oncology: the reason is that we both wanted to enter in the “right family” and to be fully certified, first of all because in Italy the Residency is not requested for working as a surgeon and, second, because of the presence also in Italy of a so large number of “spurious” “plastic surgeons” (somewhere else..... called “cosmetic cowboys”).

I would proudly underline that at forty-five years of age, after previous ten years of internship in Ob.Gyn and other ten years of professional man in the field of Cosmetic Plastic Surgery, I stopped (in 2001) my private practice to attend a complete five-year residency program in Plastic Surgery, only to become fully certified.

This (i.e. the experience I got) is also the reason for having been appointed (with an annual teaching contract which lasted from Acad.Yr. 2006/2007 to Acad.Yr. 2010/2011, i.e. since the early beginning of the Course to the final end of it for rescheduled teachings according to the Italian University politics) “Professor of Plastic Surgery” at the University of Brescia, and Chief in charge of the teaching of Plastic Surgery for the Course Degree of Medical Biotechnology at the Faculty of Medicine.  
Now, and since 2006 yr., I have also returned to private practice.

Other issues in my CV (the french D.I.U., the italian Masters in Aesthetic and Morphodynamic Surgery and in Breast Oncoplasty, the spanish Fellowship, the GMC registration for UK and the FMH registration for Switzerland) are mentioned only for explaining a so troublesome way of living a life as a surgeon, for improving surgical skills, and asking for nothing else than getting a complete ability in the field.

To learn from important leading surgeons in the world I have travelled a lot, being aware (as I was taught) that even a monkey could learn a surgical technique but that it's not the key of our job: the main characteristic of a good Plastic Surgeon being the awareness of the “indication” (i.e. what is better for a specific patient) and the second one is the knowledge of the “option” (i.e. being able to perform the same operation in different ways in different patients owing to the specific indication: ....as it is a monkey-business saying that a surgeon performs a same operation in different patients in the same way.....because a nose in a person is different from a nose in another one, and that a rhytidectomy in a round face is different from a rhytidectomy in a sharp-shaped face).

Plastic Surgery and Cosmetic Surgery are different, only to make an example, from Cardiac Surgery and/or Neurosurgery. In the latter ones a good surgeon must perform always similar operations in always similar parts of the body, while a Plastic and Cosmetic Surgeon must take care of the whole body (not only a part of it) and the bodies of different persons are obviously different one another. For it, I felt the need of travelling to see other surgeons' work, as young students did in the Middle Age or young painters did in the Italian Renaissance period.

About this, You could find a list of the Hospital I attended, mainly in the period since 1991 (the end of the ten year period in Oncology Gynecology Guard, free of salary) to 2001 (when I entered the second residency, that's in Plastic Surgery) and again, then, since 2006 (the conclusion of the Residency) until now.

Also, at the end of this CV, there are a reference letter of a Chairman of the A&E Dept (Cremona Hospital) I have worked with, and a feedback letter of a patient and also my cover letter.

I wish also underline my large availability (in my office, i.e. in my activity as a professional man) of “decision trees” and “surgical plans” and “follow-up strategies” and “informed consents” (all made by myself during my years of activity, and constantly “in progress”) to manage clinical situations and treat patients, in order to have always safe managing rules and not to have any problem.

Moreover, I am aware that my interest in stem cell therapies (and in fat harvesting for that procedure) as pointed out in this CV where I declare my interest as the Scientific Director of a Swiss Foundation could be challenging, but I want to support, with a complete explanation, my offer to You for a collaboration in Plastic Cosmetic Surgery and in Reconstructive Plastic Surgery.

Erri Cippini, MD

#### SCIENTIFIC SOCIETY MEMBERSHIP

- ISAPS (International Society of Aesthetic Plastic Surgeon): Active Member since 21 June 2013.

- AICPE (Associazione Italiana di Chirurgia Plastica Estetica) (which is as IAAPS Italian Association of Aesthetic Plastic Surgeons): Ordinary Active Member since 14 March 2013.

- SICPRE (Società Italiana Chirurgia Plastica Ricostruttiva ed Estetica): member since 2004; and Ordinary Member since October 26, 2011.
- EAFPS (European Academy of Facial Plastic Surgery) since 2006;
- ISPRES (International Society of Plastic Regenerative Surgery) since its establishment in 2015.

**Other Membership:**

- ASSECE (Associazione Europea di Chirurgia Estetica);
- Accademia Italiana di Medicina Estetica.

**CAREER PROGRESSING**

- Before graduation: Practical Hospital Training (“Tirocinio Pratico Ospedaliero” as for art.9 of Italian Law 18/Apr./1975 n° 148, e D.M. 28/Oct./1975) in 1983, attending the "Spedali Civili General Hospital, Ob.Gyn Dept" of Brescia, being certified as "Ottimo". – free of salary
- Before Graduation: I attended during yrs 1979/80 and 1980/81 as Intern Student, at the "Spedali Civili General Hospital, Ob.Gyn Dept" of Brescia – free of salary
- and after Graduation, from 21/Dec./1981 to 20/Dec./1982 as Intern Medical Doctor at the "Spedali Civili General Hospital, Ob.Gyn Dept" of Brescia, before entering a Residency training program 4yrs.long in Ob.Gyn. – free of salary
- Medical Degree 18 Dec 1981 with full marks and honour.
- Residency in Ob/Gyn since 1982 to 1986 – free of salary - at the Ob.Gyn.Dept. of “Spedali Civili” General Hospital in Brescia which was, then, a subsidiary Hospital of the Università degli Studi di Milano. [Only after 1986 Brescia became an independent university as “Università degli Studi di Brescia”].
- On duty as Emergency doctor for house calls, mainly on night duty call, at USSL n°44 of Montichiari since 01.Oct.1982 to 30.June.1985 (for 275,5 services, i.e. 3306 hours of duty) - **on paid salary**
- At the end of Residency, from 1/Nov./1986 to 30/Apr./1987, and again from 1/July/1988 to 19/Dec./1990,(as Volunteer Medical Doctor) I attended the same Ob.Gyn.Dept. at “Spedali Civili” di Brescia. – free of salary
- I worked from July,11/1987 to September,30/1987, and again from December,21/1987 to April,25 /1988, as Medical Assistant at Hospital of Montichiari (BS), on duty at Emergency Dept. too, being classified as the first in the admission examination Prot. n°5114 (USSL n°44). - **on paid salary**
- I attended the Dept. of Plastic Surgery at “Spedali Civili General Hospital” of Brescia from 1/Jan./1992 to 31/Dec./ 1992, for professional updating. – free of salary
- After the end of Internship at Ob.Gyn. Dept on 19 Dec 1990, I was partner of a General Practitioner since January 1991 to 30.11.2001 - **on paid salary**
- Residency in Plastic Surgery (2001-2006) (5 years) at the University of Milan since 01.Nov.2001 to 30.Oct. 2006 having worked full time at the following hospitals:
  - **since 01 Nov 2001 to 30March 2002:** San Donato Hospital, San Donato- Milan (5 months, Hand Plastic Surgery and General Plastic Surgery)
  - **since 01 April 2002 to 30 March 2003:** San Gerardo Hospital, Monza - Milan (12 months, General Plastic Surgery and Gynecologic Reconstructive Oncoplasty)
  - **since 01 April 2003 to 30September 2003:** San Paolo Hospital, Milan (6 months, Maxillo- Facial Surgery and General Plastic Surgery)
  - **since 01 October 2003 to 30 April 2004:** Magenta Hospital, Magenta - Milan (7 months, General Plastic Surgery)
  - **since 01 May 2004 to 30 August 2004:** IEO (European Institute of Oncology) – Milan (4 months, Breast Reconstructive Surgery)
  - **since 01 September 2004 to 30 August 2005:** Teknon Clinic in Barcelona Spain (12 months, with Dr José Maria Palacin, in Cosmetic Surgery)
  - **since 01 September 2005 to 30 October 2006:** San Gerardo Hospital, Monza – Milan (14 months, General Plastic Surgery)
- Private practice and professional man as a Plastic Surgeon **since November 2006 until present time**, in my own office in Brescia (via Spalto San Marco 1/A (25121) Brescia – Italy) see at my website [www.daysurgeryclinic.it](http://www.daysurgeryclinic.it) for more informations.
  - Private practice is on appointment basis.

Meanwhile, together with private practice, :

- **Since November 2006 to Novembre 2011** (that is since Ac.Yr.2006/2007 to Ac.Yr 2010/2011) appointed Professor (annual teaching contract) at the University of Brescia, Faculty of Medicine and Surgery, for the Course Degree in Medical Biotechnology, as Chief in charge of the teaching “Plastic Surgery”. - **on paid salary** - I was the only Chief in charge of a class for “Plastic Surgery teaching” for the whole duration of the Course which started and went to the end since Nov 2006 to Nov 2011 (for lost financial support?).

- since 21 August 2009 to 20 August 2011, Medical Director on full time duty at A&E Department of Iseo Hospital – Brescia - **on paid salary** (2 years), having left this hospital mostly to devote myself to private practice but also for improving my experience and skill by joining a new team in another hospital that could offer me a special availability of facilities;

- since 1 March 2012 until 30.06.2015, Consultant Plastic Surgeon at A&E Department of “Oglio Po’ Hospital” Casalmaggiore – Cremona. - **on paid salary** (on private practice contract, i.e. as a professional man) where I had been working for the last two and a half years as Trauma Reconstructive Surgeon in the A&E dept with many patients' feedback after reparation of severe wounds (see also the end of my CV) but I resigned in June 2015 because, presently, owing to deregulation in medical certification requirements in Italy which has made me looking for a permanent job in UK where I would like to move, in order to afford a more serious and competent environment.

Moreover, in private practice I have been keeping on performing aesthetic-antiageing medicine since 1993 together with cosmetic surgery (all operations I have experience with are in my CV), of course some of them more than others).

Also: **Since June 2013 (starting time)**, Consultant Plastic Surgeon (locum position) for some recruiting agencies in UK.

- Working as a foreign doctor in United Kingdom usually pass through Recruiting Agency for Health Professionals. I am very proud to work with them, having had the opportunity to check on myself how deep is their control and evaluation of CV and skills of every candidate, which also allow them to schedule the best working positions for every one of us (Doctors and other Health Professionals).

As a Consultant Plastic Surgeon in locum position (which means available for vacancies on my Specialization as a Reconstructive Surgeon at different hospitals), I also keep on working in Italy at my previous and present hospital job (Casalmaggiore Hospital) and on my own with my usual patients in my office, being allowed to schedule my duties in UK in the best way.

More recently, in January 2014, I have been appointed for a collaboration with Urology Dept at Casalmaggiore Hospital for pelvic reconstruction.

Of course, I also maintain my working collaborations abroad with a Cell Factory in Switzerland for mesenchimal adult stem cells therapy and Platelet Rich Plasma (PRP) therapy, and with other countries for mainly antiaging medicine and antiaging therapy both as a visiting doctor over there or, in many cases, as a host for those who prefer to travel to Brescia in Italy, where my office is located.

## PRESENT OCCUPATION

- Private practice (professional man) since 1993 as a Consultant Plastic Surgeon for Reconstructive and Cosmetic Surgery and also for anti-ageing and aesthetic medicine, with private consulting office in Brescia [www.daysurgeryclinic.it](http://www.daysurgeryclinic.it) .

- Referee (one of twenty in Italy) of an European Risk Management Plan on a botulinum toxin, presently still under confidentiality.

- Referee of a Swiss stem cell factory for adult mesenchymal stem cell's tissue regeneration.

- Consultant Plastic Surgeon at Emergency Dept. at “Oglio Po’ Hospital” (Casalmaggiore – Cremona).

- Consultant Plastic Surgeon at some Recruiting Agencies for Health professionals and Doctors, UK.

## PERSONAL ISSUES

Previously married with a Medical Doctor working as General Practitioner in Botticino, near Brescia Italy, and now separated but not divorced. Proud father of two children, a son Luigi Alberto who has been graduated in Architecture on June 21 2013 at a private University in UK (named “School of Art and Architecture” and located in Bedford Square in London), and a daughter Marianna already graduated in Midwifery at the University of Brescia in Italy on November 26 2012 and now attending the School of Medicine and Surgery at the University of Brescia - Italy for the Degree as a Medical Doctor.

About my hobbies, I have been an active judo player since the age of sixteen, still on practice as a senior instructor (2 dan). Presently, certified instructor (by CONI Italian olimpic committee) of self defense technique MGA. - Very fond of gentleman hunting, mainly of pheasants and partridges with my hound, a pointer. Also wild boar hunting with friends. - Fond of old cars. [Fighting sports are of paramount importance in instilling pluck coolness and endurance and in educating to leadership and friendship - Game sports, I think, are of absolute importance in educating to respect of the environment especially if performed in a gentleman way].

I wish these issues of my life could support and make understood my sense of honour and loyalty, especially by the examples I keep on giving to my children to grow up them in the best way (together with my previous wife) to give them the awareness of the meaning of leadership and of being trustful, and also the friendship and respect gained in playing those kinds of sport as listed.

Again, about me, I will be very pleased for every one looking through the reference letters I could present, mainly where my Referees underline and evidence not only my professional skill but especially my good disposition to work in team and to train and to teach to young professionals to let them grow up.

## TEACHING ACTIVITY

- Professor (annual teaching contract) at the University of Brescia, Faculty of Medicine and Surgery, for the Course Degree in Medical Biotechnology, as Chief in charge of the teaching “Plastic Surgery” since Acad.Year 2006/2007 to Acad.Year 2010/2011 .

- Previously, "Expert of the Subject (Plastic Surgery)" for the integrated Course of Venereal Skin Diseases and Plastic Surgery at the U.O.P. (Operative Unit) of Medical Sciences at the Faculty of Medicine and Surgery of the University of Brescia (Acad.Yr. 1995/96) (Chief of the Teaching: Prof.Dario Marini).
- Certified for my didactic activity, having taught as an Instructor of Anatomy at the Course of Human Anatomy, Department of Biomedical Sciences and Biotechnologies of the University of Brescia, for the Academic Years 1992/93 and 1993/94 (Chief of the teaching: Prof. Raoul G. Ventura)
- I have taught at the School for Professional Nurses of the USSL n°41 (Health Dept.) of Brescia, in the Year 1988/89, the subject "Notions of Immunology", having in charge two classes (1D and 1E).
- I have taught at the School for Midwives (of the Autonomous School of Obstetrics of Brescia, which was a subsidiary of the Università degli Studi of Milan) in the Academic Years 1982/83 and 1984/85, respectively the subject "Anatomy of the female and masculine genital apparatus" and the subject "Modifications of the female genital apparatus in pregnancy."

#### HOSPITAL INTERSHIP.

**You could find a list of the Hospital I attended, mainly in the period since 1991 (the end of the ten year period in Oncology Gynecology Guard, free of salary) to 2001 (when I entered the second residency, that's in Plastic Surgery) and again, then, since 2006 (the conclusion of the Residency) until now.**

- Spedali Civili di Brescia, i.e. "General Hospital" of the University of Brescia – Brescia (Italy): many years (see <short resume of CV>).
- College d' Enseignement et de Recherche en Chirurgie Esthetique, "CERCHE", Hôpital de Montreuil (Paris, France): one year of Internship "NOT RESIDENTIAL"(certificate for yr. 1992/1993).
- International School of Aesthetic Medicine of the International Foundation Farebenefratelli, Roma: Ospedale dell'Isola Tiberina, Roma: four years of internship.
- Clinica Imagem, Avenida José Munia n° 7075, in Sao José do Rio Preto (Brasile), as Intern Medical Doctor for up-to-dating c/o Dr. Antonio Bozola: six months.
- University College London Medical School, University of London, "The Royal National Throat, Nose, and Ear Hospital" (Gray's Inn Road, London, WC1X 8EE): two residential Courses.
- Università "Claude Bernard" (Lyon – France): two residential Courses .
- Faculté de Médecine Nice Sophie Antipolis, Laboratoire d' Anatomie, Cours Supérieur d' Anatomie Chirurgicale et de Chirurgie Esthétique et Réparatrice de la Face (Exposés théoriques, Dissection anatomiques, Demonstration opératoires) in Nice, France. [first course in 1993, then....many other times]
- Service de Chirurgie Maxillo-Faciale et de Chirurgie Plastique de la Face (CHU Centre Hospitalier Universitaire - Faculté de Médecine de Nancy): Diplôme d' Université de Formation Continue en Chirurgie Faciale, option "Chirurgie Maxillo-Faciale et Plastique de la Face" – Nancy, France.
- Department of Maxillo-Facial Surgery, Ospedale S.Paolo, Milano (Prof.Brusati), and Ospedale S.Gerardo, Monza.
- Dept of OncoPlastic Surgery of I.E.O. (Istituto Europeo di Oncologia di Milano: European Institute of Oncology, Director Prof.Mario Rietjens): as Intern Medical Doctor .
- Master in Aesthetic Morphodynamic Surgery gained at University of Milan (Italy): one Year apprenticeship.
- Diploma "D.I.U. » (Diplome Inter Universitaire: Bordeaux, Marseille, Nice ) in « Chirurgie du Visage: de l' Anatomie aux Techniques de Chirurgie Reconstructrice et Esthétique » gained at the University of Bordeaux, with Prof. Philippe Caix : a not residential two years Course.
- Fellowship in Aesthetic Plastic Surgery at Teknon Clinic in Barcelona (Spain) with dr. JoséMaria Palacin: one year residential period.
- Master (II° level master) in «Breast Oncoplasty and Integrated Treatments» (developed among the National Cancer Institutes of Milan, Geneva and Rome for a 1500 hours course), granted at the University of Geneva by Prof. Pierluigi Santi.

#### PROFESSIONAL UP-TO-DATE

(part 1: LAST: from now backwards) and (part 2: PREVIOUS and COMPLETE: from Degree forward)

#### PROFESSIONAL UP-TO-DATE. (part 1: LAST COURSES ATTENDED) (from "present time", back to 2009 yr.)

- Since June 2013 (starting time), Consultant Plastic Surgeon (locum position) for many Recruiting Agencies for Health Professionals in United Kingdom. I am very proud to work with them, having had the opportunity to check on myself how deep is their control and evaluation of CV and skills of every candidate. As a Consultant Plastic Surgeon in locum position (which means available for vacancies on my Specialization as a Reconstructive Surgeon at different hospitals), I also keep on working in Italy at my previous job in the Italian Hospital and on my own with my usual patients in my office, being allowed to schedule my duties in UK in the best way.

During 2015, for Medecho, the whole bulk of tests by [Healthier Business UK Trading Ltd](#) valid until 26. March. 2016y

During 2014 yr, the afterward indicated courses have been attended, owing to abide by the rules of Athona:

- BLS
- Moving patients: how to do

During 2013 yr, the afterward indicated courses have been attended, owing to abide by the rules of HCL Doctors:

- BLS
- Child Protection Awareness (Level 2) 2013
- Child Protection Level 3 – A Shared Responsibility
- HCL Doctors Handbook
- HCL Mandatory Training
- The Mental Capacity Act and Deprivation of Liberty

Also, others courses attended on different matters from present time back to 2009 year are:

- Scuola Speciale ACOI "Associazione Chirurghi Ospedalieri Italiani" di Chirurgia Ricostruttiva della Mammella (Corso formativo 50 ECM, durata un anno) 2014 : [Special Master ACOI "Italian Association of Hospital Surgeons" on Breast Reconstructive Surgery (1 yr)]
- Corso "Ultrasound Life Support - Basic Level 1 provider" (USLS-BL1P): Istituti Ospitalieri di Cremona 3-4 Ottobre 2014
- Corso ILS "Immediate Life Support" (Italian resuscitation Council): Istituti Ospitalieri di Cremona 31.05.2014
- Corso "Chirurgia Estetica. (II° meeting AICPE: Associazione Italiana Chirurgia Plastica Estetica)". Firenze: 14-15 Marzo 2014
- Corso teorico e pratico "Last generations of bio-absorbable barbed threads (barb-wires): a non invasive technique". Padova 25 Ottobre 2013
- Retraining – "BLS Expert" (on Basal CardioPulmonar Resuscitation and Precocious Defibrillation): Azienda Ospedaliera "Istituti Ospitalieri di Cremona", Cremona (CR) 08 May 2013
- Corso "Chirurgia Estetica: facciamo il punto. (I° meeting AICPE: Associazione Italiana Chirurgia Plastica Estetica)". Firenze: 2-3 Marzo 2013
- Corso "Third Bergamo Open Rhinoplasty Course – from Fundamentals to Finesse", Bergamo: 1-3 Marzo 2012
- Course "Analisi e Prevenzione dell'Errore in Medicina" ("How preventing and avoiding faults and mistakes in current medical practice"), Cremona 22 October 2011.
- Aggiornamento Clinico presso Unità Operativa di Senologia dell'Ospedale "GB.Morgagni-L.Pierantoni" dell'ASL di Forlì (Reg. Emilia Romagna): dal 17/10/2011 al 21/10/2011.
- MASTER di II° livello (Advanced Master) on "ONCOPLASTICA MAMMARIA E TRATTAMENTI INTEGRATI" ("Breast Oncoplasty and Integrated Treatments") (Università di Genova, Ist Tumori di Genova, Università di Milano, Ist Tumori di Milano, Università di Roma, Ist Tumori di Roma, ed IRCCS Fondaz.Maugeri Pavia): this course lasted 1500 hours (theory and practice) : from 08 November 2010 – to 06 July 2011.
- Attestazione di TITOLARE dell'Insegnamento di CHIRURGIA PLASTICA del Corso di Laurea in Biotecnologie Mediche dell'Università degli studi di Brescia, dall' Anno Accademico 2006/2007 all' Anno Accademico 2010/2011.
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale "Corso di formazione teorico-pratico per il posizionamento della maschera laringea": Azienda Ospedaliera "Mellino Mellini", Chiari (BS) 3 Maggio 2011
- Corso "Gluteoplastica: Protesi, Grasso, Filler & Co." ("Gluteoplasty: prosthetic devices, fat transplant, filler & other") in Roma: 27 November 2010
- VIII° Corso Europeo de "Disseccion Anatomica en Cirurgia Estetica Facial", Barcelona (Spain): 22-23 October 2010
- Consensus Conference "La sicurezza nelle terapie avanzate" (on Stem Cell Therapy) at Camera dei Deputati (Italian Parliament) in Roma: 28 September 2010
- Course on "Chirurgia Plastica-Estetica avanzata dell'area Cervico-Facciale" ("Advance in Aesthetic Plastic Surgery of the Face"), Salò (BS): 28-30 May 2010
- Masterclass on Azzalure "Face the future, the evolution of use of botulinum toxin A", at Milano, Palazzo Stelline: 26 May 2010
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale "Corso obbligatorio di informazione e formazione sul D.LGS 196/03: Codice in materia di Protezione dei dati personali - privacy": Azienda Ospedaliera "Mellino Mellini", Chiari (BS) 14 Maggio 2010.
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale "Formazione obbligatoria sulla gestione emergenza incendio ed evacuazione antincendio": Azienda Ospedaliera "Mellino Mellini", Chiari (BS) 19 Aprile 2010
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale "Accoglienza ospedaliera donne vittime di violenza": Azienda Ospedaliera "Mellino Mellini", Chiari (BS) 14-15 Aprile 2010
- Italia Resuscitation Council (IRC) – "BLS Expert"(on Basal CardioPulmonar Resuscitation and Precocious Defibrillation): Azienda Ospedaliera "Mellino Mellini", Chiari (BS) 03 November 2009
- BIOBRIDGE Event "The Regenerative Medicine Conference" at United Nations PALace Geneva (Switzerland) under the sponsorship of United Nations Office of Geneva (UNOG): 25-27 October 2009
- Corso di "Addestramento alla Comunicazione Assertiva" (training on Assertive Communication) presso il Centro Italiano Sviluppo Psicologia, Roma 27. 06. 2009.
- Corso "MASTOPLASTICHE: tecniche avanzate di riduzione, aumento e riposizionamento delle mammelle", Salò (BS): 22-24 Maggio 2009

---

PROFESSIONAL UP-TO-DATE. (part 2: PREVIOUS COURSES ATTENDED)

**(from 1982, after the Medical Degree, up to present time)**

I attended the following Courses to "Up to Date":

- "Course in up-to-dating for Emergency House call doctors" at USSL n°44 of Montichiari (BS) [as for the art. 20 of the Accordo Collettivo Nazionale per la Guardia Medica, made operative by D.P.R. May,7 1982, n°28].
- "Course Theoric and Practical in up-to dating on Gynecologic Surgery" (Brescia, February 1986).
- RESIDENCY in Obstetrics and Gynecology (four years) : 01 Nov.1982 - 11 Nov.1986.
- "Problems di Riabilitazione delle Donne Operate al Seno" (Montichiari, pomeriggio dell'11.04.1987).
- "Up to date Course in Immunologia Clinica" (Università di Brescia, 13/16/20/23 - Novembre 1989).
- In the Academic Year 1989/90 at the Università degli Studi di Milano, at the Dept.of Emergency of the Ospedale Policlinico di Milano, attended (for four weeks in June 1990, at the Corso di Perfezionamento con lezioni teoriche e tirocinio pratico guidato in "PRIMO SOCCORSO per MEDICI GENERICI OPERANTI sul TERRITORIO".
- Nel periodo 03-12 Aprile 1991, presso l'Istituto di Radiologia dell'Università di Modena, ha partecipato al "Corso di Ecografia di Prima Formazione", superando la prova di valutazione finale. (La durata del Corso é stata di 40 ore).
- Corso di Aggiornamento Professionale Obbligatorio per Medici di Medicina Generale: "Approccio al Paziente con Problemi Dermatologici" (Brescia, Marzo-Aprile 1992).
- Dal 07.Luglio.1992 all' 11.Luglio.1992: frequenza ad Ambulatori, Sale Operatorie e Lezioni Teoriche c/o Casa di Cura "SALUS" (Alessandria) per la "Settimana Flebologica del Centro di Documentazione <W.Pabisch>"
- "19.eme Congrès de Médecine Esthétique et de Chirurgie Dermatologique".(Paris: Sept. 1992
- "XIII International Congress of the International Society for Dermatologic Surgery". (Paris, France: October 17-20,1992).
- "VI eme Cours Supérieur d'Anatomie et de Dissection de la Face et du Cou". (Faculte de Medecine de Nice, Nizza: 25-28 Marzo 1993).[Corso di dissezione su cadaveri].
- Iscrizione e frequenza al "College d' Enseignement et de Recherche en Chirurgie Esthetique": Certificato per l'anno 1992-1993 ("CERCHE", Montreuil - Parigi).
- Corso di Base Teorico-Pratico di "Diagnostica Vascolare Doppler" c/o sede della W.Pabisch: Pero (MI) 06.Febbraio.1993.
- University of Southern California: Course on "Complete Dentures" (of USC International Continuing Education Program): May, 22-23-24 and 30-31 1992.
- University of Southern California: Course on "Amalgam Restoration" (of USC International Continuing Education Program): March, 22-26 1992.
- Corso "Chirurgia Implantare e Rigenerativa": Milano, 22-23 Aprile 1994.
- Corso "Chirurgia Orale Ambulatoriale" (1° grado): Brescia, 12-13-14 Maggio 1994.
- Workshop di Flebologia (Accademia Italiana di Flebologia): Milano, 5-6 Marzo 1994.
- XIV° (1992) e XV° (1994) Congresso Nazionale di Medicina Estetica: Roma.
- IX° (1993) Congresso Internazionale di Medicina Estetica: Roma.
- Corso "Chirurgia Orale Ambulatoriale" (2° grado): Brescia, Settembre 1994.
- Corso su "Materiali Rigenerativi Gore-Tex, nella Rigenerazione Guidata dei Tessuti": Brescia, Ottobre 1994.
- IX° Incontro di Medicina Estetica (nell'ambito dell'aggiornamento previsto dall'Art.83 DPR n°270/1987 integrato dall'Art.134 DPR n°384/90): Ortona (CH), 9-10-11 Settembre 1994.
- Corso "Chirurgia Orale Ambulatoriale" (3° grado): Brescia, 20-21-22 Ottobre 1994.
- XVI° Congresso Nazionale di Medicina Estetica: Roma, 07-08-09 Aprile 1995.
- Corso di Base in Cosmetologia: Roma, 07 Aprile 1995.
- Corso "Neoformazioni Cutanee Frequentemente Osservate dal Medico di Famiglia", corso di aggiornamento obbligatorio per la Medicina Generale: Brescia, 06.05.95-27.05.95.
- Attestazione di Insegnamento e Didattica del CORSO di ANATOMIA UMANA, Dipartimento di Scienze Biomediche e Biotecnologie, Anno Accademico 1992/93 e 1993/94.
- Corso "Recent Advances in Alpha Hydroxy Acids and Various Peeling Systems" (Milan:10.09.95).
- Corso di Aggiornamento sul Sistema Implantare Osteointegrato "STERI-OSS" (Brescia, 21.10.95).
- Corso "Il Lembo nella Terapia Rigenerativa (GTR)": Mestre (VE), 02.12.1995.
- Corso Teorico-Pratico sul Sistema Implantare "STERI-OSS" (Milano, 08-09.Marzo.1996).
- Corso di Dissezione Cadaverica ed Esercitazione Pratica in Vivo per "Up-to-Date" in Hair Transplantation (Micro-grafting: mini and mega sessions; Scalp Reduction: tissue expansion vs. scalp extension by Frechet method) and in Liposuction assisted Superficial Lipectomy and Body Contouring (Sophia,Bulgaria, 17-21. Aprile.1996).
- Corso di Aggiornamento "Nuove Metodologie Implantari: l'uso del PMMA (PoliMetilMetAcrilato) Artecoll" (Milano, 06-Ottobre.1996).
- Corso di Aggiornamento "Work Shop on PhotoDerm VL" sull'impiego della "Luce Pulsata Intensa in Angiologia Estetica" (Forlì, 19.Ottobre.1996).
- Programma di Formazione Permanente della Scuola Internazionale di Medicina Estetica (della Fondazione Internazionale Farebenefratelli, Roma): "1° Corso di Approfondimento Didattico" riservato ai Diplomi della Scuola Internaz.di Med.Estetica (Roma, 29-30.Novembre.1996).
- Corso di Aggiornamento teorico-pratico "Master di Studio in Microscopia Tricologica-SITRI" sull'apprendimento della "Microscopia a Luce Polarizzata in Tricologia" (Barberino Val d'Elsa-FIRENZE, 07-08-09. Dicembre.1996).
- Corso di Aggiornamento teorico-pratico "I Peelings di Superficie, Medi e di Profondità" (Milano, 14.Dicembre.1996).
- Corso di Aggiornamento "Fondamenti di Endodonzia per l'Odontoiatra" del Department of Oral Health Practice (Lexington, Kentucky 40536-0084: Chandler Medical Center at the Univ.of Kentucky, 01.Marzo.1997).
- Convegno Regionale "Attualità Polispecialistiche in Pedodonzia" della S.I.O.I. (Società Italiana Odontoiatria Infantile) (Brescia, 15.03.1997).
- XVIII° Congresso Nazionale di Medicina Estetica (Roma, 21-22-23 Marzo. 1997).
- Corso Steri-Oss (incontro e dibattito fra Implantologi utilizzatori del Sistema Steri-Oss) "Programmazione Preimplantare; Impianti Post-Estrattivi; Rialzi; Tecniche Speciali; Protesi Mista; Estetica" (Garda-VR, 12.04.1997).
- Corso di Aggiornamento teorico-pratico "Master di Studio SITRI in Diagnostica Tricologica e Terapia Tricologica" (Barberino Val d'Elsa-FIRENZE, 13-14. Aprile.1997).
- Corso di Aggiornamento teorico-pratico "Tecniche di Elevazione del Pavimento Naso Sinusale (mini e maxi rialzi)" (Bergamo, 09.Maggio.1997).
- Corso di Aggiornamento Steri-Oss con interventi chirurgici dal vivo "Implantologia Avanzata – La Rigenerazione Guidata ed Innesti Ossei" (Milano, 29.11.1997).
- Corso di Aggiornamento teorico-pratico "Master di Studio in Microscopia Tricologica-SITRI" sulla "Microscopia a Luce Polarizzata in Tricologia" (S.Pietro in Cariano-VERONA, 25-26 Gennaio.1998).
- XIX° Congresso Nazionale di Medicina Estetica (Roma, 3-4-5 Aprile 1998).

- Corso Pratico di "Chirurgia Anatomica applicata all'Implantologia", su cadavere, presso l'Università "Claude Bernard" di Lyon – France (Lione, Francia, 5-6 Giugno 1998).
- Corso monotelmatico di "Rinoplastica Primaria e Secondaria" della Società di Chirurgia Estetica Italiana (Trieste, 26-27 Giugno 1998).
- Corso di Aggiornamento ANDI su Chirurgia Orale in Paradontologia (Brescia, cinque incontri, 2° Semestre 1998).
- Programma di Formazione Permanente della Scuola Internazionale di Medicina Estetica (della Fondazione Internazionale Farebenefratelli, Roma): "3° Corso di Approfondimento Didattico" riservato ai Diplomatici della Scuola Internaz.di Med.Estetica (Roma, 27-28.Novembre.1998).
- Corso di Aggiornamento teorico-pratico "Master di Studio SITRI in Diagnostica Tricologica e Terapia Tricologica" (Sambuca - FIRENZE, 29-30. Novembre.1998).
- Corso di Aggiornamento su "Tecniche Scelte di Rinoplastica", su cadavere, (Nice, France, Faculté de Médecine Nice Sophie Antipolis, Laboratoire d'Anatomie: 12-13-14 Nov. 1998) (Vittorio Veneto, Div.ne ORL.: 2-3-4-5 Dic. 1998) (Vittorio Veneto, Div.ne ORL.:27-28-29-30 Gen. 1999).
- Corso di Aggiornamento "Il MMG e varie Situazioni Medico-Chirurgiche" (Brescia, 21-28 Nov. 12-19 Dic. 1998)
- Corso di Aggiornamento teorico-pratico c/o Institute of Laryngology and Otolaryngology dell'University College of London su "Plastic Surgery of the Nose" (February 10-11-12, 1999) e Techniques in Facial Plastic Surgery (February 15-16-17,1999).
- Corso Pratico di "Chirurgia Anatomica applicata all'Implantologia", su cadavere, presso l'Università "Claude Bernard" di Lyon – France (Lione, Francia, 4-6 Giugno 1999).
- XIV° Incontro di Medicina Estetica (nell'ambito dell'aggiornamento previsto dall'Art.83 DPR n°270/1987 integrato dall'Art.134 DPR n°384/90): Ortona (CH), 18-19-20-21 Giugno 1999.
- Internato d' Aggiornamento c/o Dr. Antonio Bozola (Clinica Imagem, Avenida José Munia n°7075), in Sao José do Rio Preto (Brasile, Giugno-Luglio 1999).
- Cours Supérieur d' Anatomie Chirurgicale et de Chirurgie Esthétique et Réparatrice de la Face (Exposés théoriques, Dissection anatomiques, Demonstration opératoires) : (Nice, France, 23-24-25 Septembre 1999).
- Forum Internazionale "Rinoplastica: fondamenti e tecniche essenziali" : Vittorio Veneto (TV) 13-14-15-16 Ottobre 1999.
- Corso Pratico di Aggiornamento in Chirurgia Estetica with dissection on corpses (Face Lift, Rino-Oto-Blefaroplastica, malar and chin implants, valutazione diverse modalità inserimento protesi mammarie, Addominoplastica): (Nice, France, 25-26-27 Nov.1999).
- Congresso "Sfide e Frontiere della Chirurgia della Calvizie" (IV° Congresso ISHRS): Roma, 14-15-16 Gennaio 2000.
- Corso aggiornamento su "Nuove metodiche di inserimento delle protesi mammarie": Napoli 14-15 Febbraio 2000.
- Surgical Training Course (surgical aspects in treating edentulism, according to the principle of Osseointegration ad modum Brånemark)(Brånemark System, Nobel Biocare): Seregno (MI),(Feb. 17, 2000).
- Practical Up-to-date Course on Aesthetic Surgery with corpse dissection (Face Lift, Rino-Oto-Blefaroplastica, malar and chin implants): (Nice, France, March 17-18, 2000).
- Course on "New Techniques in Implants: use of PHEMA (PoliHidrossiEtilMetAcrilate) FORMACRYL" (Milan, April 17, 2000).
- Up-to-date Course on Surgery and Implants "Strategie Chirurgiche nella Terapia Implantare": Padova, May 12-13, 2000.
- Theoric and Pratical Course on "T.C.A. in Aesthetic medicine and Dermatology": (SMIEM: Scuola Superiore PostUniversitaria di Medicina ad Indirizzo Estetico di Milano), Milano, September 30, 2000.
- 33°JOURNEES LORRAINES de Formation Continue en Chirurgie Maxillo-Faciale et Chirurgie Plastique de la Face: 7,8,9 Decembre 2000 (Faculté de Médecine de Nancy).
- XXII° Congresso Nazionale della Società Italiana di Medicina Estetica: Roma, 6-7-8 Aprile '01.
- 35°JOURNEES LORRAINES de Formation Continue en Chirurgie Maxillo-Faciale et Chirurgie Plastique de la Face: 31 Mai, 1-2 Juin 2001 (Faculté de Médecine de Nancy).
- Programma di Formazione Permanente della Scuola Internazionale di Medicina Estetica (della Fondazione Internazionale Farebenefratelli, Roma): "VI° Corso di Approfondimento Didattico" riservato ai Diplomatici della Scuola Internaz.di Med.Estetica (Castrocaro, 1-2 Dicembre 2001).
- Master in Chirurgia Estetica Morfodinamica ( Aesthetic Morphodynamic Surgery) c/o Università di Milano which lasted 500 hours, during Academic Year 2000/2001
- RESIDENCY in Plastic Reconstructive and Aesthetic Surgery (five years) : 01.Nov.2001 -06.Nov.2006.
- Sessione di esercitazione su cadavere c/o Université Bordeaux 2 (del I° Master Universitario in Chirurgia Estetica Morfodinamica dell'Università degli Studi di Milano): Bordeaux (France), 17-20 Aprile 2001.
- Sessione di esercitazione su cadavere c/o Université Bordeaux 2 (del II° Master Universitario in Chirurgia Estetica Morfodinamica dell'Università degli Studi di Milano): Bordeaux (France), 20-22 Febbraio 2002.
- 37°JOURNEES LORRAINES de Formation Continue en Chirurgie Maxillo-Faciale et Chirurgie Plastique de la Face: 14,15,16 Mars 2002 (Faculté de Médecine de Nancy).
- XXIII° Congresso Nazionale della Società Italiana di Medicina Estetica: Roma, 22-23-24 Marzo 2002.
- Congresso "Mezzo secolo di Chirurgia Plastica in Padova. Uno sguardo nel passato, uno sguardo nel futuro." Aula Morgagni del Policlinico: Padova 19-20 Aprile 2002.
- IPRAS (International Confederation for Plastic Reconstructive and Aesthetic Surgery) "Workshop on Biomaterials and Aesthetic Surgery" (30 hours of attendance): Regensburg, 28-30 April 2002, with cadaver dissection practice at Plastic Surgery Dept. at "Caritas-Krankenhaus St.Josef" Hospital.
- Relazione al Congresso "BITEC" (Business ed Innovazione nei Tessili Tecnici): Cernobbio (Como) 22-24 Maggio 2002.
- "Muscle Flaps" – Anatomical basics and practical training on cadavers at the Institute of Anatomy: (è il 4<sup>th</sup> Grazer Workshop of Plastic Surgery, qualificante per 21 ore di PostGraduate Diploma nel campo della Chirurgia Plastica, e per 6 ore di PostGraduate Diploma nel campo della Traumatologia, dell' Austrian Council), Graz/Austria: 24-26 September 2002.
- Corso di Aggiornamento "The Face Congress 2002": Milano 4-6 Ottobre 2002.
- Congresso di Chirurgia Maxillo-Facciale "Chirurgia Ricostruttiva e Riabilitativa della Mandibola" , Aula Magna Istituto Galeazzi, (Milano:8-9 Novembre 2002).
- Programma nazionale per la formazione continua degli operatori della Sanità. Corso (Nov.2002 c/o ASL di Brescia) sulla " Presentazione della guida alle cure palliative nel territorio dell'ASL di Brescia", con attribuzione dalla Commissione Nazionale per la Formazione Continua di 10(dieci) Crediti Formativi E.C.M. per l'anno 2002.
- 40°JOURNEES LORRAINES de Formation Continue en Chirurgie Maxillo-Faciale et Chirurgie Plastique de la Face: 13,14,15 Mars 2003 (Faculté de Médecine de Nancy).
- Congresso "Aggiornamento in Chirurgia Cranio-Maxillo-Facciale", Aula Magna Università degli Studi Milano-Bicocca, (Monza:5 Aprile 2003).
- Corso Nazionale Teorico-Pratico "La Gestione Della Ferita Chirurgica – Surgical Wound Care", (Portofino-Vetta:9-10 Maggio 2003).

- Fellowship di un anno (con attività su pazienti, in ambulatorio e sala operatoria) in Chirurgia Plastica specificamente Estetica alla Clinica Teknon di Barcellona dal 01 Settembre 2004 al 31 Agosto 2005: certificazione in data 22.09.2005 (dipartimento del Dr. José Maria Palacin).
- D.I.U. (Diplome Inter Universitaire) presso le Università di Bordeaux, Marseille e Nice, in « Chirurgie du Visage: de l'Anatomie aux Techniques de Chirurgie Reconstructrice et Esthétique » con il Prof. Philippe Caix: corso biennale (AA2003/04 – 2004/05).
- The Face Congress 2006 (ASSECE: European Association of Aesthetic Surgery): Salsomaggiore Terme (PR) 24-25-26 Marzo 2006.
- ISAPS (“International Society of Aesthetic Plastic Surgery”) – Post Graduate Course: Isola di San Servolo (VE) 01-03 Giugno 2006.
- Congresso di Chirurgia Plastica ed Estetica “Bello Buono e Gentile”, con il patrocinio della ASUR Marche, Zona Territoriale 6: Fabriano, 15-17 Giugno 2006.
- Congresso “Breast Cancer: Oncologic and Reconstructive Surgery” I.E.O. (Ist.Europ.di Oncologia, via Ripamonti 435, MI): Milano 19-21 Giugno 2006.
- 55° Congresso SICPRE (Società Italiana di Chirurgia Plastica Ricostruttiva ed Estetica) di Rimini: 21-23 Settembre 2006.
- Corso di Aggiornamento “La mastoplastica additiva con protesi style 410 e 510: dall’interpretazione della paziente alla tecnica chirurgica”: Rimini, 22 settembre 2006.
- Stage “360° BODY CONTOURING nuove frontiere chirurgiche”: Milano – Hotel Marriott 14 Ottobre 2006.
- 8° Congresso Internazionale di Medicina Estetica: Milano 12-15 Ottobre 2006.
- “Local and Regional Flaps in Head and Neck Reconstruction” – Anatomical basics and practical training on cadavers at the Institute of Anatomy: (è il 9<sup>th</sup> Grazer Scientific Conference of Plastic Surgery, qualificante per 25 ore di PostGraduate Diploma nel campo della Chirurgia Plastica dell’Austrian Council), Graz/Austria: 27-29 November 2006.
- “Aesthetic Surgery of the Breast. - Safe surgical approach: pre-op and post-op breast detection” – Second European Symposium: Milano 14-16 Dec. 2006.
- Corso teorico-pratico “Utilizzo dell’Acido Polilattico (PLLA) in Medicina Estetica”: Milano 03 Febr.2007.
- Stage in Medicina Estetica ed in Medicina Anti-Aging : Verona 10-11 Marzo 2007.
- Relatore al “2nd International Congress of Preventive Medicine and Healthy Aging”: Milano, 13-14 Aprile 2007.
- Simposio Internazionale “L’iniezione di grasso- verso la medicina rigenerativa”: Istituto Clinico Humanitas – Rozzano (MI) 15 Sett.2007.
- Corso Residenziale “Workshop ENDOTINE”: Roma 23 Sett. 2007.
- 27th “Andreas Vesalius Course”: - “Practical Full Immersion Course on Surgical Anatomy and Modern Operative Techniques in Facial Plastic Aesthetic Surgery” – Université de Bruxelles (U.L.B.) 28-30 October 2007.
- 9<sup>th</sup> Adjournment Day in Aesthetic Medicine: Roma, 26 gennaio 2008.
- “First Aesthetic Breast Surgery Course”: Vienna 03-04 Maggio 2008.
- “Mastoplastiche 2008: tecniche selezionate e novità concrete”: Salò (BS) 16-17 Maggio 2008.
- Ha completato con successo il Basic Training Course per l’uso del “Macrolane”: Salò (BS) 16 Maggio 2008.
- “Rinoplastica Morfodinamica – XXII° Corso Lionello Ponti”: Vittorio Veneto (TV), 18-21 Giugno 2008.
- “Cours Franco-Italien de Dissection”: Lyon, Hôpital Edouard Herriot, France, 19-20 Settembre 2008.
- “Rinoplastica Morfodinamica – XXII° Corso Lionello Ponti”: Vittorio Veneto (TV), 12-15 Novembre 2008.
- 29th “Andreas Vesalius Course”: - “Practical Full Immersion Course on Surgical Anatomy and Modern Operative Techniques in Facial Plastic Aesthetic Surgery” – Université de Bruxelles (U.L.B.) 26-28 October 2008.
- Corso “L’addominoplastica e la chirurgia del perineo”: Treviso, Complesso Universitario San Leonardo, 22 Novembre 2008.
- 
- Registrazione “full” presso il General Medical Council della Gran Bretagna (dal 10 Febr. 2009) come “Consultant” (è il grado più alto, equivale ad un “primario”) Plastic Surgeon (numero di registrazione 7031966). Il GMC è un organo di controllo della professionalità dei medici, il cui motto è “Regulating doctors, Ensuring good medical practice”.
- Mastoplastiche: tecniche avanzate di riduzione aumento e riposizionamento delle mammelle, IV° Corso Villa Bella, Salò 22-23-24 Maggio 2009.
- Course “Addestramento alla Comunicazione Assertiva” on interpersonal communication at Centro Italiano Sviluppo Psicologia, Roma 27. June. 2009.
- Registrazione completa (Laurea in Medicina e Chirurgia, e Specializzazione in Chirurgia Plastica Estetica) dell’Ufficio Federale della Sanità Pubblica della Confederazione Svizzera presso l’Ufficio MEBEKO (sezione Formazione) in base all’Accordo del 21.06.1999 tra Comunità Europea e Confederazione Svizzera sulla libera circolazione delle persone, ed in base alla Legge Federale del 23.06.2006 sulle professioni mediche universitarie (quest’ultima detta LPMed): dal 13 Agosto 2009. Il MEBEKO è un organo del Dipartimento Federale dell’Interno (DFI) per il controllo della validità della formazione professionale dei medici.

LAST COURSES ATTENDED , see “part (1):

- Corso di “Addestramento alla Comunicazione Assertiva” presso il Centro Italiano Sviluppo Psicologia, Roma 27. 06. 2009.
- Corso “MASTOPLASTICHE: tecniche avanzate di riduzione, aumento e riposizionamento delle mammelle”, Salò (BS): 22-24 Maggio 2009
- BIOBRIDGE Event “The Regenerative Medicine Conference” at United Nations PALacein Geneva (Switzerland) under the sponsorship of United Nations Office of Geneva (UNOG): 25-27 October 2009
- Italia Resuscitation Council (IRC) – “BLS-D Expert”(on Basal CardioPulmonar Resuscitation and Precocious Defibrillation): Chiari (BS) 03 November 2009
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale “Accoglienza ospedaliera donne vittime di violenza”: Azienda Ospedaliera “Mellino Mellini”, Chiari (BS) 14-15 Aprile 2010
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale “Formazione obbligatoria sulla gestione emergenza incendio ed evacuazione antincendio”: Azienda Ospedaliera “Mellino Mellini”, Chiari (BS) 19 Aprile 2010
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale “Corso obbligatorio di informazione e formazione sul D.LGS 196/03: Codice in materia di Protezione dei dati personali - privacy”: Azienda Ospedaliera “Mellino Mellini”, Chiari (BS) 14 Maggio 2010.
- Masterclass on Azzalure “Face the future, the evolution of use of botulinum toxin A”, at Milano, Palazzo Stelline: 26 May 2010
- Course on “Chirurgia Plastica-Estetica avanzata dell’area Cervico-Facciale” (“Advance in Aesthetic Plastic Surgery of the Face”), Salò (BS): 28-30 May 2010
- Consensus Conference “La sicurezza nelle terapie avanzate” (on Stem Cell Therapy) at Camera dei Deputati (Italian Parliament) in Roma: 28 September 2010
- VIII° Corso Europeo de “Disseccion Anatomica en Cirurgia Estetica Facial”, Barcelona (Spain): 22-23 Ottobre 2010
- Corso “Gluteoplastica: Protesi, Grasso, Filler & Co.” (“Gluteoplasty: prosthetic devices, fat transplant, filler & other”) in Roma: 27 November 2010
- Regione Lombardia, Sistema Regionale ECM-CPD - corso residenziale “Corso di formazione teorico-pratico per il posizionamento della maschera laringea”: Azienda Ospedaliera “Mellino Mellini”, Chiari (BS) 3 Maggio 2011

- Attestazione di TITOLARE dell'Insegnamento di CHIRURGIA PLASTICA del Corso di Laurea in Biotecnologie Mediche dell'Università degli studi di Brescia, dall' Anno Accademico 2006/2007 all' Anno Accademico 2010/2011.
- MASTER di II° livello (Advanced Master) on "ONCOPLASTICA MAMMARIA E TRATTAMENTI INTEGRATI" ("Breast Oncoplasty and Integrated Treatments") (Università di Genova, Ist Tumori di Genova, Università di Milano, Ist Tumori di Milano, Università di Roma, Ist Tumori di Roma, ed IRCCS Fondaz.Maugeri Pavia): this course lasted 1500 hours (theory and practice) : from 08 November 2010 – to 06 July 2011.
- Aggiornamento Clinico presso Unità Operativa di Senologia dell'Ospedale "GB.Morgagni-L.Pierantoni" dell' ASL di Forlì (Reg. Emilia Romagna): dal 17/10/2011 al 21/10/2011.

### GOOD STANDING (March. 14, 2013)

We declare that

Prof. ERRI CIPPINI Born in BRESCIA - on Dec.11, 1955

Fiscal code nr.:CPPRRE55T11B157E

Medical Qualification: Degree in Medicine and Surgery at UNIVERSITY of MILANO on Dec.18, 1981

License to practise Medicine and Surgery at FIRST session of examination in 1982 at UNIVERSITY of PERUGIA

With - Specialization in: Obstetrics and Gynecology gained at University of Milano on Nov.11,1986,

- Specialization in Plastic and Reconstructive Surgery gained at University of Milano on Nov.06, 2006,

- University Master in Aesthetic and Morphodynamic Surgery gained at University of Milano in yr.2000/2001,

- University 2nd level Master in Breast Oncoplasty and Integrated Treatments gained at University of Milano on

09 Nov 2011,

is a member of the Register of the Association of Medical Doctors and Surgeons of BRESCIA since Jan.28, 1982 at the number 03588.

In charge of Prof. ERRI CIPPINI this Association has never carried out any disciplinary punishment, nor taken any action of suspension.

We moreover declare that membership in the Register of Medical Doctors and Surgeons of this Association enables the abovementioned doctor to practise Medicine and Surgery all over the country, according to art.13 of the Law d.p.r. 5/4/50 nr.221.

The present Certificate is issued basing on documents from the Record of this Association, for use permitted by the Law.

The PRESIDENT

( OTTAVIO Di STEFANO, MD )

### FIELDS OF PRACTICE

- **Plastic and Reconstructive Surgery** only devoted to facial soft tissue repositioning and repair (graft and flaps), to breast reconstruction and repair

after cancer treatments, and to hypogastrium and pelvic (female genitalia) repair and modification and also to abdominoplasty techniques after bariatric surgery, and to fat transplant and stem cell surgery.  
(Low interest in hand surgery).

- Well trained and experienced in **Aesthetic/Cosmetic Surgery** [face lifting; blepharoplasty; otoplasty; rhinoplasty; malarplasty; profiloplasty (chin augmentation); lipofilling or Coleman’s lipostructure; breast augmentation/reduction; male ginecomastia; arm lifting; abdominoplasty; thigh lifting; liposuction/liposculture/lipoemulsion (US+RF); and “surgery of the “intimate” (labia-minora plasty, vaginal stretching, hymene reconstruction) (male penis enlargement)],
- and in **Aesthetic Medicine** [Peelings of different types; Botulinum toxin; Fillers (Jaluronic Acid of different types, plus HA and TCP stimulators) and Macrolane; mesotherapy; cavitation.]
- Especially experienced in biostimulation (antiaging treatments) and PRP (platelet rich plasma) and transplant of adipose tissue.

Clinical skill, technique, or type of experience	Medical condition /Area of clinical practice
Face lift; Blepharoplasty; Otoplasty; Rhinoplasty; Malarplasty; Profiloplasty (chin augmentation); Lipofilling or Coleman’s lipostructure for the face.	- <b>Aesthetic/Cosmetic SURGERY</b>
Breast augmentation; Breast reduction / Breast mastopexy (breast lift); Male ginecomastia; Lipofilling or Coleman’s lipostructure for breast.	- <b>Aesthetic/Cosmetic SURGERY</b>
Arm lift; Abdominoplasty; Thigh lifting; Lipofilling or Coleman’s lipostructure for body; Liposuction/Liposculture/Lipoemulsion (US+RF).	- <b>Aesthetic/Cosmetic SURGERY</b>
“Surgery of the “intimate” [ <b>female</b> : mons veneris remodelling, labia-minora & majora plasty, vaginal stretching, hymene reconstruction], [ <b>male</b> : penis enlargement]	- <b>Aesthetic/Cosmetic SURGERY</b>
Peelings of different types; Botulinum toxin; Fillers (Jaluronic Acid of different types, plus HA and TCP stimulators), Macrolane; Mesotherapy; cavitation; Biostimulation (antiaging treatments), PRP and Stem Cells from adipose tissue.	- <b>Aesthetic MEDICINE</b>
<b>Facial</b> soft tissue repositioning and repair (graft and flaps); <b>Breast</b> reconstruction and repair (after cancer treatments), and Hypogastrium and Pelvic ( <b>female genitalia</b> ) repair and modification, <b>Abdominoplasty</b> techniques after bariatric surgery, <b>Fat transplant</b> and Stem cell surgery. (Low or none interest in hand or limb surgery and in burn treatment).	- <b>Plastic and Reconstructive SURGERY</b>

<b>PLASTIC SURGERY PROCEDURES</b>
<b>RHINOPLASTY (nose job)</b>
<b>BREAST AUGMENTATION (especially Tebbetts's dual plane)</b>
<b>BREAST REDUCTION &amp; RECONSTRUCTION</b>
<b>BREAST LIFT i.e. MASTOPEXY</b>
<b>ABDOMINOPLASTY (but circumferential: only 2 times)</b>
<b>LIPOSUCTION</b>
<b>LIPOFILLING (Coleman's lipostructure)</b>
<b>BLEPHAROPLASTY (with different techniques)</b>
<b>BROW LIFT (temporal lifting)+(endotine)+(barb wire)</b>
<b>OTOPLASTY</b>
<b>FACE LIFTINGS (traditional)+(MACS)+(barb wire))</b>
<b>FILLERS (Jaluronic acid) (and others)</b>
<b>MACROLANE</b>
<b>BOTOX</b>
<b>GLUTEAL AUGMENTATION (implants)+(fat lipofilling)</b>
<b>MALE GYNECOMASTIA</b>
<b>ARM LIFTING (sometimes with liposuction)</b>
<b>THIGH LIFTING(with different techniques)</b>
<b>SURGERY OF THE INTIMATE:</b>
<b>revirgination (hymene reconstruction)</b>
<b>labiaminora plasty (personal technique)</b>
<b>vaginal stretching</b>
<b>labia majora plasty and lipofilling</b>
<b>mons veneris plasty and lipofilling</b>
<b>male penis enlargement with fat transplant</b>
<b>Plus Aesthetic (antiageing) medicine and PRP and adMSC (adult mesenchymal stem cells)</b>

## **Dott. Antonio CUZZOLI**

**Medico Chirurgo**

**Direttore U.O. Pronto Soccorso**

**Azienda Ospedaliera "Istituti Ospitalieri" Cremona**

**Viale Concordia 1 - 26100 Cremona**

**tel 334 6632699**

**a.cuzzoli@ospedale.cremona.it**

Dear Sirs,

it is a great privilege to give my wholehearted recommendation on behalf of Dr. Erri Cippini candidature for the position of Consultant Plastic Surgeon.

It is a great pleasure to write this letter of recommendation in support of Dr Erri Cippini, whom I have known since 1st March 2012 when he entered my team of Trauma specialists, to present days.

Easily, Erri is one of the most talented, insightful, team-oriented expert fellow plastic surgeon that I have had in my team , and he has also become a real friend of mine and of all the other members of the team.

Mainly, we care of every kind of clinical situations arising in the Accident and Emergency Dept of General Hospitals of Cremona and Casalmaggiore, both of them I rule as the Director, but the General Hospital of Cremona is also the regional hub of south-east Lombardy for trauma with neurosurgical involvements.

Almost immediately, Erri Cippini got a public appraisal on the city's newspaper of 22nd March 2012.

And also recently, on 23rd June 2014, I received by email a letter of praise from a patient who, for an emergency performed treatment of a severely injured chest wound with a saw, was treated by Erri with a successful result and, to be underlined and highlighted, Erri got through that surgery even at the end of his twelve-hours day duty, staying on the patients for two more hours.

Also I have pictures of his works on ear and nose reconstruction in emergency situation after trauma accident. Erri also takes care of breast reconstructive (and cosmetic) surgery, having recently completed an up-to-date one year course on breast reconstructive surgery (and he is a fifty-eight year old guy !) so proving his neverending interest in the matter.

He also cares of gynecologic reconstruction, having completed two Specialties residencies in his University career.

On the other hand, Doctor Erri Cippini is a real team promoter as he is extremely co-operative and possesses the capability to contribute positively while working as a part of a team.

I strongly believe he will be an excellent addition to every physician's team. His assertive nature, his personal and professional tact, and his emotional sensitivity to patients combined with highly skilled expertise acquired in different hospitals in Italy and abroad make him a highly competent, skilled, effective, and respectful physician.

I deeply believe that patients' needs, comfort, and benefit will drive every decision he will make and each action he will take.

In other words, professionalism, expert mastery, dignity and grace define his style.

Also, I want to underline his natural feeling to make and to maintain good personal relationship even with fresh fellows with the main goal to improve the results of the whole team.

He has always shown enthusiasm for improving service and for working in team with colleagues also of different Specialties, becoming a careful and interested fellow.

For it, it is with great pleasure that I am forwarding Doctor Erri Cippini as a reputable doctor for your consideration.

Cremona, 20/11/2014

Dr. Antonio Cuzzoli

**Servizio di Pronto Soccorso**  
**Ospedale di Desenzano del Garda**  
**Località Montecroce, Desenzano del Garda (BS)**  
Responsabile: Dr. Gianpietro Briola  
Tel 030 9145 508 - 567 / fax 030 9144 748

To whom it may concern

Dear Sirs,

as a Director ([gianpietro.briola@aod.it](mailto:gianpietro.briola@aod.it)) of the Accident and Emergency Dept of the Desenzano del Garda Hospital near Brescia in Italy, is a pleasure to introduce Dr. Erri Cippini who was at my A&E Dept for two years (since August 21, 2009 to August 20,2011) working as a Consultant mainly for Trauma Plastic Surgery but proving as a careful doctor to patients and as a dedicated one for everyday needs of the Dept and a smart fellow to colleagues for his disposition to work as a member of a team. After having left my Dept mostly to devote himself to private practice but also for searching an hospital that could offer him a special availability of facilities, we have kept our friendship and gone on in meeting each other in many different occasions to share personal opinions.

I believe he demonstrates attributes that make him a valuable surgeon, but most of all he can show endurance and endeavour that make him a valuable fellow.

Gianpietro Briola M.D.

Desenzano del Garda (BS) 27.03.2015

---

And this is a feedback from a patient (it is a translated copy of an email he sent to my Italian Hospital CEO):

(POOP is Presidio Ospedaliero Oglio Po, which is the Casalmaggiore Hospital of the Azienda Ospedaliera "Istituti Ospitalieri di Cremona")

**DIREZIONE AMMINISTRATIVA POOP**

FROM: [morselliluciano@tiscali.it](mailto:morselliluciano@tiscali.it)

TO: [direzione.medica.poop@ospedale.cremona.it](mailto:direzione.medica.poop@ospedale.cremona.it)

Date: Monday June 23<sup>rd</sup> 2014 7:56

Object: Emergency Department (A&E Dept)

Dear Director of the POOP Hospital,

I am a citizen of the town of Casalmaggiore who had the opportunity, on day 14<sup>th</sup> of present month, to be treated at the Emergency Department of the hospital You chair for a large and very complicated wound of the thorax in the pectoralis area.

I want first of all to underline the high professional level of all persons working at the Emergency Dept, but especially of the doctor on duty who, fortunately, was a plastic surgeon (so avoiding a transfer to another hospital!!). His passion to duty and his devotion to my clinical situation deserve an ENCOMIUM ! The doctor applied himself, at the end of his work time (12 Hrs), to take care for two more hours on a meticulous and painstaking job on reconstruction and suture of this large wound also offering a situation of maximum quiet and easy condition for me as the involved patient.

Anyway I would like to highlight , out of my personal clinical case, that a specialization in Plastic and Reconstructive Surgery might be a condition to draw attention to our hospital (so avoiding transfers for admission to other hospitals' facilities). This would mean to achieve the best Health for all.

I wish to gratefully thank for attention deserved to me and I thank especially Dott. E. CIPPINI who was on duty that evening.

Sincerely,

Morselli dr. Luciano.

(In this email, Mr Morselli point out the possibility of a new Department of Plastic Surgery in the hospital of Casalmaggiore, that I was offered to develop and chair by the General Manager - CEO- of the hospital in April this year, and the notice went to some newspapers and maybe to Mr Morselli too.....but You Know, Italy is in crisis and hospitals are closed or are compelled to reduce their activities instead of making new departments grow up. So the decision was postponed but not yet called off.)

(Moreover, when operating on him, I was unaware that Mr Morselli is a Professor at the University of Parma. Parma is at 20 Km from Casalmaggiore)

---

## COVER LETTER

Mr Cippini Erri, MD (GMC 7031966)

To whom it may concern,

I am a Consultant Plastic Surgeon on the Specialist Register of GMC and with a recent successful appraisal for Revalidation and all mandatory and updated requirements (tests, health documentation, CRB) satisfied.

I have a lot of experience in Italian NHS but not yet in UK NHS and, for it, I can accept a lower grade job (even if I am a Consultant) with the opportunity to make a reputable career.

I have a lot of experience in teaching as chief of Plastic Surgery Teaching Program (from 2006 to 2011 which is the complete duration of the program) at the Biotechnology Faculty of the University of Brescia and former instructor of Anatomy at the Medicine Faculty of the same University.

Recently, I had been working for the last two and a half years at Casalmaggiore Hospital (of the General Hospital of Cremona) as Trauma Reconstructive Surgeon in the A&E dept with many patients' feedback after reparation of severe wounds (see also the end of my CV) but I resigned in June 2015 because, presently, I want to come back to my traditional field of Reconstructive Plastic Surgery in Cancer and Malformations. When I was younger, I have also completed a full residency in Ob/Gyn and ten years experience in Oncology Gynecology that I didn't register at GMC because my main interest has progressively evolved towards Reconstructive Plastic Surgery after cancer and malformations, with special interest in Face Breast Abdomen (also Bariatric Surgery) and Female Genitalia. To complete my description, I prefer not being involved in microsurgery (I am sixty) and also I don't like hand surgery by myself, but I can work with a hand surgeon. I prefer handling with soft tissue reconstruction of face breast abdomen and external female genitalia. Moreover, in private practice I have been performing aesthetic-antiageing medicine since 1993 together with cosmetic surgery (all operations I have experience with are in my CV , of course some of them more than others).

Now, deregulation in medical certification requirements in Italy has made me looking for a permanent job in UK where I would like to move, in order to afford a more serious and competent environment.

I can also forward my experience of many years in fat harvesting and fat transplant (lipografting) for reconstructive purposes and regenerative medicine (fat derived mesenchymal stem cells): I have had extraordinary results in bedsores and in tissue loss, but also in improving and stimulating recovery after surgery procedures of different type.

To come to the end, I offer good disposition to work in team and always friendly way of liaising effectively with peers and other colleagues and, apart from academic achievements or professional career history or technical skill which all might be improved along life, I want underline my well established parents' teaching on loyalty and human qualities that make me a valuable fellow to consider. For it, even if able to make patient management decision on my own initiative, I want to improve the service in the Department of a future offered job also accepting, for the beginning, a lower grade job to gain experience in NHS.

I can move and live in UK. In fact, unfortunately, deregulation in certification requirements in Italy has raised the number of "cosmetic cowboys" and has made me looking for a permanent job in UK where I would like to move, in order to afford a more serious and competent environment.

Only, if offered a job in an UK Hospital, I need seven-ten days (at least) of notice to leave Italy.

I can sustain an interview even in Skype at " cippini.eri.chirurgo.plastico " (four words and only three points) with a previous notice on my mobile at 0039 335 6861682. I can move and live in UK.

For a quick reference, please call or write to Mr Mazen Iskandarani, MD (very well English speaking) who is the Chief of Trauma Plastic Surgery Dept at Nyon Hospital (CH), a friend and a fellow, at 00393406242007 (miskandarani@hotmail.com) or at 0041788952092 (mazen.iskandarani@ghol.ch).

Many regards,  
mail to: cippini@daysurgeryclinic.it
