dell'Università di Siena

Membro Onorario della Soc. Italiana di Chirurgia Plastica

Firenze 26.01.2009

To whom it may concern.

Dear Sirs,

it's a pleasure to introduce Dr. Erri Cippini, whom I know from about ten years and who has grown up at my School of Rhynoplasty.

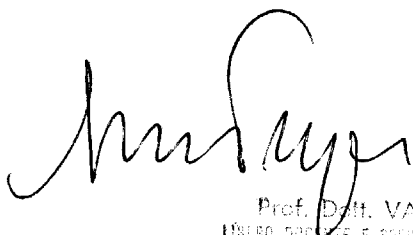

After many experiences abroad to learn from outstanding colleagues, he has settled at my courses and meetings and has constantly followed the modern techniques in closed Rhynoplasty that I teach.

From my direct experience, I have always seen him in friendly disposition with colleagues, showing both ability to communicate and liaise effectively with other members of a multi-disciplinary team.

His enthusiasm for improving service and his experience in different fields of Plastic Surgery give him an undoubted ability, and make him an excellent Surgeon who can solve different clinical situations.

Working presently in private practice, he has also gained a conspicuous experience in Cosmetic Surgery.

Moreover, his record of academic achievements and professional career history, demonstrates attributes that, I believe, make him a valuable Surgeon.
